Native American Cultures - Facts, Regions & Tribes - HISTORY

History. The Indian subcontinent, the great landmass of South Asia, is the home of one of the world's oldest and most influential civilizations. In this article, the subcontinent, which for historical purposes is usually called simply "India," is understood to comprise the areas of not only the present-day Republic of India but also the republics of Pakistan (partitioned from India in 1947) and Bangladesh (which formed the eastern part of Pakistan until its independence in 1971).

Hominid activity in the Indian subcontinent stretches back over 250,000 years, and it is, therefore, one of the oldest inhabited regions on the planet. Archaeological excavations have discovered artifacts used by early humans, including stone tools, which suggest an extremely early date for human habitation and technology in the area.

Ancient India - Ancient History Encyclopedia

Modern History of India During the late 16th and the 17th Centuries, the European trading companies in India competed with each other ferociously. By the last quarter of the 18th Century the English had outdone all others and established themselves as the dominant power in India.
