Land of Shadows is the first in a series that looks like it will be an epic fantasy. I am giving it 4- stars. I liked it. The characters are a tad shallow, but very likable. The story takes a while because we move back and forth between setting and characters, kind of like Lord of the Rings. This first one ends with a cliff hanger.

In Celtic mythology, the Otherworld is the realm of the deities and possibly also of the dead.. In Gaelic and Brittonic mythology it is usually described as a supernatural realm of everlasting youth, beauty, health, abundance and joy. The Otherworld is usually elusive, but various mythical heroes visit it either through chance or after being invited by one of its residents.

The Fear Dorcha is a mysterious, malignant, fairy being, found in Celtic myth and legend. Despite modern associations with the word, the term “fairy” was once used to refer to spirits such as the Fear Dorcha. Unlike modern fairies, however, these spirits – or ghosts – were not usually inclined towards acts of kindness, generosity, or mercy.
