debates on difference.

US feminism in the
1970s was structured
around two key
positions around the
concept on difference,
and the intellectual
debate that was
formed is one I find
particularly interesting:
are men and women
equal by nature, or are
they different?

Feminist Debates
In Holland

The term "difference feminism" developed during the "equality-versus-difference

debate" in American feminism in the 1980s and 1990s, but subsequently fell out of favor and use. In the 1990s feminists addressed the binary logic of "difference" versus "equality" and moved on from it, notably with postmodern and/or
